EDUCATION

Sanjay Ghodawat University
B.Tech in Computer Science and Engineering

Kolhapur, Maharashtra
July 2024

TECHNICAL SKILLS

Languages: Java, C, MySQL, JavaScript, HTML5, CSS3

Frameworks: React, Spring Boot, Hibernate, JDBC, Spring Security, REST API

Developer Tools: Git, VS Code, IntelliJ, Eclipse

INTERNSHIP

Wolfox Services Pvt. Ltd
Full Stack Developer Intern

Feb 2024 – Jun 2024
Kolhapur, Maharashtra

- Developed responsive web applications using HTML, CSS, JavaScript, and PHP.
- Implemented backend modules including user registration, form handling, and database integration.
- Worked on real-world client projects following SDLC and MVC architecture.

PROJECTS

Expense Tracker | Spring Boot, JWT, Hibernate, MySQL, React

2025

- Built a secure full-stack application to manage income, expenses, and categories.
- Implemented JWT authentication and RESTful APIs with Spring Security.
- Integrated MySQL using Hibernate (JPA) with validation and exception handling.
- Enabled email-based account activation using SMTP.

Foodie Connect | HTML, CSS, JavaScript, Bootstrap, Firebase

Feb 2024

- Created an online food ordering platform supporting user login, menu browsing, and cart operations.
- Configured Firebase services for authentication, real-time data storage, and order tracking.
- Designed responsive layouts using Bootstrap to ensure compatibility across devices.
- Improved application flow by managing client-side state and input validations.

CloudPoint | HTML, CSS, JavaScript, REST API

Jan 2023

- Developed a weather information system displaying temperature, humidity, and forecast data.
- Consumed third-party REST endpoints to fetch live climate details based on user location.
- Enhanced usability through clean UI components and structured JavaScript logic.
- Reduced page load time by optimizing API calls and minimizing DOM manipulation.

EXTRACURRICULAR

- Java Full Stack Development Training at ITPreneur (Spring Boot, Hibernate, REST APIs, MySQL).
- NPTEL Elite Certification in Cloud Computing and Distributed Systems.
